

AP Optimization with GHX Pays Off

Nearly 75% of U.S. CEOs say they're accelerating the move to digitization and next-generation operating models.¹

Why stick with manual, paper-based processes...

when you can run a touchless, paperless, borderless office

GHX is leading this transformation in healthcare Accounts Payable.

Maximize value of payment option:

90%

faster approval cycles for more payment flexibility

Streamline invoicing with up to **100%** digital invoices and seamless automated processing

Potential **savings of \$1.2M** by automating 100k invoices⁵

One hospital reached **90% touchless invoicing**⁴

Another hospital achieved **99% paper-free invoicing**⁶

Leverage **multiple payment strategies** on 1 platform

Avoid late payments

Take advantage of contract terms

Connect with better data

One hospital found **≈\$300K** in hidden accruals⁶

Transform Your AP Department

Sharper financial visibility

Better supplier relations

Lower operating costs

A happier, healthier workforce (56% of remote employees report improved mental health⁷)

Greater payment accuracy

AP Automation from **GHX**
